We are an internet based company that has greatly increased the mail volume of our local Greeley post office by shipping our medical alert products to our customers. We purchase a considerable amount of stamps there and we do Click-n-Ship. Being an internet company, we receive orders throughout the day and night. Some of these orders are for Express shipping and the customers expect them the next day or the day after at the latest. We process these orders during the day and then take them to Greeley where they go out at 4:00 pm and in time to make connections for next day delivery (or the day after, depending upon the destination) by guaranteed noon or 3:00 pm arrival.

**Your closing the Greeley post office and new routing makes this impossible because the mail truck comes in the morning only. Bringing a truck or delivery person to our place of business in the afternoon would be impractical, we don't see how it could even work. So to make a long story short, we will be denied a service that you guarantee. Although not guaranteed, Priority and First Class mail will also be delayed one day in addition to your proposed new schedule of two day delivery, making it three day delivery for first class mail. But Express is supposed to be guaranteed. If you close the Greeley post office we will no longer have a post office to provide us a maximum degree of effective and regular postal service. Please reconsider and reverse your decision.**
